

Two-Finger

*rye, **rosemary syrup***, yellow chartreuse,
orange and angostura bitters, maraschino
cherry+**rosemary*** garnish*

Bold, spirit forward, and herbaceous. Stirred rye whiskey that has lingered just long enough in the rosemary bushes on campus. Such a perfect follow-up to whatever just happened that you should probably walk straight to the front of the line to order yours!

Dish Walk Fizz

*gin (**optional**), lemon juice, **lavender syrup***, soda
water, **fresh lavender garnish****

Who knew that 75 minutes is the perfect length for a walking meeting? And that another person to meet with is entirely optional? Like an effervescent lemonade with a little something extra, this citrus and lavender punch is just what we all need to cool down after our successful loop. And while we all try to resist the temptation to plan our next lap.

*** Foraged on CASBS grounds**
